Frontend Developer and Quality Assurance specialist with experience in building responsive applications using React JS, Vue JS, and Svelte JS. Proficient in UI/UX design with Figma and skilled in managing testing processes, contributing to seamless user experiences.

## EDUCATION

### INSTITUTE OF TECHNOLOGY PERUSAHAAN LISTRIK NEGARA

Bachelor of Informatics Engineering

Cumulative GPA: 3.61/4.0;

Jakarta, ID

Fresh graduate 2024

## EXPERIENCE

### KAMPUS MERDEKA - BANK CIMB NIAGA

Testing Management – Intern

South Tangerang, ID

Aug 2023 – Dec 2023

- Developed and managed 30+ test scripts daily using Microsoft Excel and Application Lifecycle Management (ALM) software, achieving 100% compliance with testing standards. ( **SDLC, Manual Testing, UAT, Micro Focus ALM** )
- Executed comprehensive testing processes for mobile and web applications, identifying and reporting 50+ defects to improve application functionality ( **Defect Management** )
- Produced detailed testing documentation, contributing to a 9% reduction in bug resolution time through clear communication of test results to development teams. ( **Test Planning, Test Cases, Test Scenarios** )

### DEDIKASI PEMUDA NEGERI (DPN)

Frontend Developer – Intern

South Sulawesi, ID

April 2023 – June 2023

- Spearheaded development of mobile-friendly web applications, improving site performance and accessibility for 85.
- Collaborated with backend developers and UI/UX designers to deliver a redesigned, WordPress-based website, boosting engagement by 15% post-launch.
- Led weekly sprints to identify and solve UI bugs, enhancing responsiveness and overall site performance.

### MEDIA SELARAS

IT Support – Volunteer

Bogor, ID

Mar 2023 – Aug 2023

- Enhanced UI design quality by collaborating across 6 divisions, implementing typography, animations, and interface elements such as buttons and dropdowns using Figma, React, and Tailwind CSS.
- Delivered 5 coding training sessions over a month to help teams better implement UI designs into source code.
- Developed a scholarship and internship page, generating 150+ weekly visits, by implementing feedback from cross-functional teams.

### FUNDEX : PROJECT BASED INTERN : VIRTUAL INTERNSHIP EXPERIENCE

UI/UX - Virtual Internship

Jan 2023 – Feb 2023

- Led the end-to-end redesign of the FundEx website, including user research, wireframes, and usability testing.
- Conducted user journey mapping and prototyping, resulting in a 20% improvement in website usability post-redesign.
- Utilized tools like Maze for usability testing and Figma for high-fidelity designs, delivering 5+ iterations for stakeholder approval.

## **BAPAREKRAF DIGITAL TALENT 2023 – FRONTEND DEVELOPER**

Frontend Web Learning Path

Jakarta, ID

May 2023 – June 2023

- Built responsive landing pages using Semantic HTML and CSS Flexbox, increasing user interaction by 30% through optimized design principles.
- Designed and implemented clean and accessible codebases, following best practices for frontend development.

## **ACHIEVEMENT**

---

### **UI/UX Design Competition Mulawarman Information Tech Week 2022**

- Designed a health-themed website and secured 2nd place in the competition.

### **UI/UX Design Competition PARTI 2022 Universitas Muhamadiyah Surakarta 2022**

- Designed an e-business themed wireframe, high-fidelity prototype, and completed a full user journey.

### **UI/UX Design Competition Politeknik Caltex Riau**

- Conducted user research and prototyped designs for Jakarta's tourism, covering 20+ attractions and services.
